

DIRECTIONS: Complete the *byline* (the name of the reporter who wrote news story, i.e., you!) by writing your name. Then, write the *lead* (the first paragraph—a minimum of four sentences—of a news story which must answer the five questions of journalism: **who, what, where, when, how** and **why**) about the first day after the 3 men successfully escaped from “The Rock.” Be sure to include factual information from all of your sources. Finally, develop a *headline* using eight words or less. Remember: headlines must grab the reader’s attention and also be accurate!
